Ezequiel de Francisco

GRADUATION
(2007)

GRAPHIC DESIGN UBA · UNIVERSIDAD DE BUENOS AIRES

I'm a Senior Product Designer with 22 years of experience - started in 2004 with a non-stop journey across Press, Editorial, Web, Gaming, and Mobile. I've worked on-site for major companies and remotely with startups, as well as a freelancer across LATAM, USA, and Israel.

LANGUAGES
Spanish

English
Advanced C1

In recent years I've focused on UX/UI for Mobile, Product, and Gaming, and expanded into Web3 - most recently at Big Time Studios / OpenLoot, bridging blockchain infrastructure and intuitive marketplace UX. As a former Creative Leader, I've managed multidisciplinary teams of up to 12, optimizing workflows that directly drive business growth.

Based in Buenos Aires, Argentina

UPDATED 2026

Career

2022 – 2026 UX / UI / Product Designer Big Time Studios / OpenLoot USA · Remote

Product Designer at OpenLoot.com, specializing in bridging the gap between complex Web3 infrastructure and intuitive user experiences for a leading crypto-game marketplace.
Marketplace Optimization: Enhanced the trading experience by designing data-heavy dashboards and real-time transaction tracking systems. Led the end-to-end design process, from wire-framing complex smart-contract interactions to delivering polished, developer-ready UI kits.
Expert at translating blockchain technicalities, such as wallet integration and asset ownership, into seamless interfaces for non-native users. Partnered daily with full-stack engineers to align design specifications with technical constraints, ensuring high-fidelity implementation.

2020 – 2021 Creative Leader PSh Buenos Aires

Operational and cross-functional 12 member team management (over web, graphic, motion). Proven track record in Marketing Web Design by implementing scalable workflows and mentoring talent to exceed KPIs. Optimizing internal processes that resulted in bridging the gap between high-level business goals and day-to-day execution, ensuring on-time delivery while managing clients budget. Collaborated with senior stakeholders to define long-term roadmaps and drive organizational growth.

2019 – 2020 UX / UI Design Leader _coderio Buenos Aires

Design Lead managing a cross-functional team of 5, overseeing the delivery of complex UX/UI and Branding solutions for the e-commerce and financial sectors. Optimized internal production workflows, resulting in improved project efficiency and team performance. Successfully managed stakeholder relationships and led the conceptualization of design proposals for outsourced clients to drive business growth.

2015 – 2018 Product Design SIMPLY.VISION Tel Aviv (contract)

Design Management. UX / UI / Product, Branding, Website, iOS Wellness & Health Mobile App.

2011 – 2015 Senior UI & Visual Designer Globant Buenos Aires + California

Illustration, Art Direction, Concept development and UX and UI for “Bola” mobile game (Disney Arg.). Analysis, target, UX/UI Admin self-service platform for Dreamworks On Site (CA-USA). UX/UI for American Express (Mexico).

2009 – 2011 UI & Visual Designer Nextive Solutions California, USA

Art Direction. Artist, UI design & Illustration & motion for mobile games (Zynga, Big Fish Games).

2006 – 2007 UI & Visual Designer Caro Cuore Buenos Aires
